

Simply fantastic. Fantastic made simple!

The FANTASTIC family for virtually almost every surface.

- 
- One hardener and one thinner for all lacquers
 - Low-flammable according to EN 13501-1
 - Easy processing

The FANTASTIC family is complete!

It has never been easier to make more customers happy with such little effort. The FANTASTIC family ensures that you are well equipped for a wide range of applications. Our new FANTASTIC-NATURA natural matt raw wood effect completes the range. And the best part is that all the lacquers can be easily and reliably processed using the same hardener (DR 4071) and the same thinner (DV 4900). This means you can significantly reduce your stock – and always achieve flawless results.

Our FANTASTIC family enables you to cover almost all surface requirements relating to interior fittings.
